Single mornings \$15. Groups (5+) \$12. Students \$5. Series subscription \$120.

The WomenExplore lecture series creates an open learning and sharing space for women and men. The lectures focus on issues of concern to women from the personal to the global. Series themes and topics are planned by group consensus and all women are invited to participate. Many women have found the inspiration and courage to make significant changes in their lives or careers from the knowledge and support they have found at WE. WE also hosts support and conversation groups for women. WE began at the Harvard Divinity School in 1973 as the Theological Opportunities Program and became an independent 501(c)(3) non-profit organization in 2003.
